> The Apex SkyHook™

Versatile. Adaptable. Easy-To-Use. Very Affordable. <

There's Never Been Anything Like The Apex SkyHook.

Welding Supplies

Tips, Torches, Saw Blades, Cutoff Wheels, Mitts, Sleeves, Goggles, Gages, Abrasives, Solder, etc.

Also shown above: Apex Single Can VDM for aerosol cans.

Shop Supplies

Aprons, Shop Towels, Fittings, Fasteners, Tape, Blades, Adhesives, etc.

Office Supplies

Ink Cartridges, Toner, Pens, Markers, Tape, DVDs, Scissors, etc.

Electrical Supplies

Switches, Fuses, Cords, Connectors, Outlets, Cable Ties, etc.

Items Too Big For The SkyHook?

The Edge AutoStore is Ideal for Large or Bulky Items, Check-out and Check-in.

Maintenance Parts And Supplies

Bearings, Belts, Filters, Wire, Tape, Adhesives, Markers, Sealants, Grease, etc.

> No Repackaging Required

Just slip a hang tag or hole-punched item on the patent-pending Apex SkyHook auger and you have faultless vending every time. If the item doesn't have a hang tag, just stick a self-adhesive tag on the item when loading. Fastest Loading. Simple and Easy.

Apex exclusive Verified Vend™ feature senses and confirms delivery of product to specially-designed oversized delivery bay.

The Legend Of The SkyHook:

“Hang It On A SkyHook”

For decades, engineers, scientists and others have referred to the mythical “sky hook” as a means to hang the impossible object. Now, Apex Industrial Technologies has made the SkyHook real. That means you can now dispense previously difficult-to-vend MRO products easily and confidently at the Point-Of-Work.

No Hang Tab? No Problem.

Many MRO items are available with hang tabs or hole-punched packages. For other products, a simple hang tab can easily be affixed.
